

Providence United Methodist Church New Kent County, Virginia

Some older members recalled stories of at least three buildings antedating the present church. One was about there being a log church across “Long Bridge Road” opposite the present location.

The church immediately predating the present church was dedicated c 1853. The cornerstone of the building pictured above was laid in June 1938.

There have been two major additions since 1938.

The index shown here is from a book in which we documented the cemetery photographically. Copies of this book are available at the Library of Virginia, New Kent Heritage Library, New Kent Courthouse and Providence United Methodist Church. The “Section,” “Stone” and “Page” columns in this index refer to the location of the photograph in the book.

We hope that this information will be of help to you.

Loretta and Hawthorne Davis
