

St. Luke Baptist Church & Cemetery Plum Point, New Kent Co., Virginia

St. Luke Baptist History

Said to be among the first planned communities in America, Plum Point and Manhattan were neighboring towns laid out about 1888 on the New Kent County bank of the York River. The cornerstone of St. Luke Baptist Church on Plum Point Road indicates the original facility was built in 1913 in the early days of this community. Although apparently prosperous initially, the planned community faded away after its function as a terminal for the ferry to West Point, Virginia, was obviated by a bridge built at Eltham, a short distance to the northeast.

Nevertheless St. Luke Baptist prospered and today has the lovely facility shown in the picture above. St. Luke's well-kept cemetery, which is about three-fourths of a mile to the northeast off Old Ferry Road, is in excellent shape.
