

Tabernacle United Methodist Church
20051 Tabernacle Road
Barhamsville, VA

The congregation of Tabernacle Church formed originally in about 1791 under the leadership of William Spencer, a Methodist Circuit Rider from Williamsburg, Virginia. The original sanctuary, the part with three tall windows in the foreground of the picture above, was built in the early 1800s on land donated by Washington Richardson. Though the building's completion date is not known, the wedding of James Nelson Timberlake and Sally Williams is certain to have taken place in it on January 15, 1821. In 1905 Mrs. Martha Richardson, widow of Washington Richardson, became the first person buried in the church's graveyard. Because the original records were lost in the Civil War, new deed to the church property was conferred by James Richardson, youngest son of Washington. A memorial association was formed in 1936 to perpetually care for the cemetery.

The original sanctuary, which is used for services every week, was built using old construction methods. The roof rafter cross-ties, for example, are attached to the rafters with pegs and mortise-and-tenon joints, which seem good as new. There was, however some bracing added to support the steeple, which was not part of the original building. Other additions have been built to accommodate the increasing membership. *This brief historical summary adapted for a history of Tabernacle Church provided by Rev. Tom Tipton, Tabernacle's current pastor.*
